

ROHS Compliant Certification

Aztec Washer Company (Aztec) certifies that all products manufactured and sold at present time are compliant with Directive ROHS 2 2011/65/EU known as the new ROHS Directive for Hazardous Substances as published in the official Journal of the European Union on January 7, 2011

“**ROHS Compliant**” means that the product or part does not contain any of the following restricted substances in excess of the following maximum concentration values tolerated by weight in homogeneous materials, unless the substance is an application that is exempt under ROHS:

- Bis (2-ethylhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Cadmium (0.01%)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)
- Directive 2011/65/EU : Article 4 (1), ANNEX II
- Hexavalent chromium (0.1%)
- Lead (0.1%)
- Mercury (0.1%)
- Polybrominated biphenyls (PBB) (0.1%)
- Polybrominated biphenyl ethers (PBDE) (0.1%)

Unless otherwise stated by Aztec in writing, this information represents Aztec’s knowledge and belief based on information provided by suppliers to Aztec.

Certification beyond that described above will generally not be available. Please note that specific formula, composition or content information is proprietary and is therefore not available.

* Note: the following maximum limits by weight apply for lead used as alloying element:

- In Steel.....0.35% by weight
- In Aluminum.....0.35% by weight
- In copper alloys.....0.35% by weight
